**REPORT OF GPAT PREPARATION GUIDANCE**  
Dated 28-10-2022

Date 28, Oct 2022

**Objective:**

The session aimed to provide guidance and preparation tips for the Graduate Pharmacy Aptitude Test (GPAT) to B.Pharm 7th-semester students, with a specific focus on the subject of Pharmacognosy. Ms. Rinu Rana, Assistant Professor in Pharmacognosy, led the session to equip students with valuable insights for effective exam preparation.

**Introduction and Overview:**

Ms. Rinu Rana commenced the session by introducing the significance of GPAT and its role in shaping the academic and professional journey of pharmacy graduates. An overview of the examination structure and subjects was provided.

Emphasis was placed on the GPAT syllabus, with a detailed breakdown of topics relevant to Pharmacognosy. Ms. Rana highlighted key areas, such as plant taxonomy, secondary metabolites, and pharmacological activities of natural products, that are commonly covered in the exam.

Date 28, Oct, 2022

### Effective Study Strategies:

Practical tips for creating a comprehensive study plan were shared. Ms. Rana advised students to allocate dedicated time for each sub-topic within Pharmacognosy and recommended the use of standard textbooks, reference materials, and online resources.

### Mock Tests and Time Management:

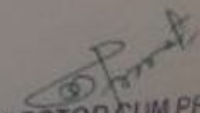

Stressing the importance of mock tests, Ms. Rana encouraged students to regularly practice sample questions and full-length mock exams. Time management strategies specific to Pharmacognosy were discussed to enhance efficiency during the actual exam.

### Subject-Specific Tips for Pharmacognosy:

Ms. Rana provided subject-specific insights, focusing on common question patterns, frequently tested areas, and the integration of theoretical knowledge with practical applications. Special attention was given to recent developments in the field.

### Interactive Q&A Session:

The session concluded with an interactive question and answer segment, allowing students to seek clarification on specific doubts or concerns. Ms. Rana provided personalized guidance, addressing queries related to both GPAT preparation and Pharmacognosy concepts.
